Timéo DELMON

Game Programmer / Developer

Third-year Bachelor's student in Computer Science specializing in video games. I have hands-on experience with Python, Unity, Unreal Engine and C++.

Work experience

• Data Analyst intern

From May 2024 to July 2024 **ENGIE** Courbevoie

- Completed my first-year internship at ENGIE, where I discovered data analysis and strengthened my skills in Python, logic and coding.

• Observation internship

February 2019 **RTL** Neuilly-sur-Seine

- Participated in the radio programming department as part of my 9th-grade internship

Projects

PokeUnreal

- [PokeUnreal](#) - A Pokémon-like game in which you have to capture Pokémon by taking pictures of them.

Legend of Gevièvre

- [Legend of Gevièvre](#) - Project completed during a 2-day Game Jam on Unity.

Space Rebellion (C++)

- [Space Rebellion](#) - 2-week team project: shoot'em up game developed in C++.

Paws of Thievery

- [Paws of Thievery](#) - 3D puzzle game developed as part of a study project.

Computer Skills

Unreal Engine (Blueprint)

- With a solid foundation in Blueprint, in the coming months I will continue my studies in Korea to learn about VR on Unreal Engine.

C++

- Solid understanding of object-oriented programming.

Unity

- Game engine experience (2D/3D)

Python

- Completed a 3-week Ministudio project as part of a study program.
- Used Python during my Data Analyst internship at ENGIE.

Education

• Bachelor's Degree in Computer Development - Video Game Option

Since 2023 **Gaming Campus** Puteaux

• French Baccalauréat

From 2020 to 2023 **Lycée Merleau-Ponty** Rochefort

- Mathematics / Biology (Final year of High School)
- Cinema & Audiovisual (First year of High School)
- Graduated with Honours
